

The safety of our guests and team members is always our highest priority Family Kingdom. While there have been no reported cases of COVID-19 at the park, we continue to monitor this evolving situation, and will adjust our response as we receive the most current guidance from federal, state, and local officials.

We have evaluated and enhanced our already-stringent cleaning protocols in light of COVID-19. Family Kingdom's sanitation standards and robust cleaning procedures include:

- Ongoing training for team members on maintaining a safe and hygienic workplace and environment for our guests;
- Frequent sanitization of targeted areas throughout the day;
- Numerous and accessible hand sanitizer locations;
- Quick response to spills, trash and other situations;
- Daily and frequent sanitation procedures for restrooms, dining surfaces, benches and trash cans;
- Daily and frequent ride cleaning and sanitizing including walkways, hand rails and queue lines.

Social distancing is an important strategy for limited the spread of COVID-19. To assist guests with maintaining recommended distance between family groups, Family Kingdom is providing spot markers between groups at admissions, ride and food queue lines.

For your protection and for the protection of other guests and staff, Family Kingdom asks that guests wear a mask or face covering while at the park if possible to do so safely.

Please note that the certain rides, services and/or amenities may be limited or may remain closed as we implement our COVID-19 responses. We apologize if you experience any delays or inconvenience as a result of the new procedures.

By visiting Family Kingdom, you voluntarily assume all risks related to exposure to COVID-19.

We look forward to seeing you at Family Kingdom!
